# Attention!

There is an observation honey bee hive in Room 129 that connects to this courtyard.

**Many honey bees are flying in and out of this courtyard.**

Contact Ms. Beaupré with questions and concerns:  
Room 129, [jbeaupre@hinghamschools.org](mailto:jbeaupre@hinghamschools.org)

(Common concern: an usually high number of bees is hanging or circling around the hive entrance. This may be “bearding” and means the hive is too hot and needs an extra classroom fan!)
